REVIEW OF MARKETS

FINANCIAL AND COMMERCIAL Stocks, Money, Exchange, Bonds, Grain,

Cotton, Provisions, Etc. New York, Jan. 12 .- The opening sale of Sugar afford convincing evidence that its friends have rallied to its support and were prepared to contest the progress which the bears have made in cutting down its price. Very heavy blocks were thrown upon the market at the opening, but the quotation was in the first transactions of the day. The opening price was the lowest. After the stock got above last night's level bears renewed their efforts to depress it again, but without success. The resistance shown by the stock caused short interest, and they started to cover. They carried the stock up to 118, near which it closed. There was no further signs of the acute weakness near which it closed. There was no further signs of the acute weakness which was shown yesterday by the local traction stocks and Tobacco, which was said to be due to the closing out of an embarrassed account. These stocks were under pressure during the morning, but they responded to the recovery in Sugar and late general strength in the market, and rose vigorously to last night's level. The relaxation of the pressure on Sugar played no small part in the general strength of the market. Raliroads advanced at the opening in sympathy with strength of the market. Raliroads advanced at the opening in sympathy with strength abroad, but they were not embarrassed by demoralization in the specialites, and so gained strength as the day progressed. All the principal stocks rose from one to two points over last night's level and closed strong at the top. Some very heavy blocks of Baltimore and Ohlo were taken in in the late dealings by the circulation of rumors of approaching dividend declaration. The market broadened out notably in the late dealings on the improved sentiment in foreign financial circles and in expectation of a strong bank statement.

The Bank of Germany followed the

apid downward course of private discount rates in London gave confidence in still further reductions in the bank rates.

London also took a sanguine view of the advantage of General Buller's new position on the Tugela river.

Money was in abundant supply, and rates for time loans were shaded to 5 per cent, on railroad collateral. Call loans fell to 3 per cent. Sub-Treasury operations had yielded to the banks \$3,433,000 up to Thursday night. The net gain of the banks on the regular express movement with the interior is estimated at about the same amount. This is exclusive of heavy receipts by registered mail. From these amounts which were estimated at about the same amount. This is exclusive of heavy receipts by registered mail. From these amounts must be deducted last Saturday's gold exports, as well as \$1,000,000 in gold which went to South America to-day. The net gain by banks on all accounts is figured at about \$4,000,000.

The bond market continued dull, but was strong. Total sales par value, \$2,195,000.

United States 3's registered, declined, but the 5's advanced 1/2 in the bid

The total sales of stocks to-day were
